

Percy the Piggy Bank just loves looking after
your pocket money!

You might need to get all your crayons out to
find the right colors.

Color-in each section with the correct shade
if you can.

Copy the word 'Bat' by tracing over the gray letters.

Now try for yourself by filling in the blanks.

As you can see, Barry the Banana Bat here is very fond of the color yellow.

He is eating yellow fruit and sunbathing on the yellow sand...

But what color do you think all the other things in the picture should be.

Color it in using your favorite colors!
